SALES & PROFITABILITY ANALYSIS

PROJECT OVERVIEW

Use case

- 1. Visualize customer sales to take actions on high or low performing customers
- 2. Understand the business trends in terms of sales and profitability

Questions answered

- 1. Who are the top performing customers and who are not performing well for both current and previous years
- 2. How are the regions performing
- 3. What are the monthly sales trends and how is this compared to previous years
- 4. What are the year-on-year sales and profit trends

Techniques used

- 1. Graph visualizations
- 2. Top N selection and summarization of visuals based on the selection
- 3. Dynamic titles
- 4. Custom tool tips
- 5. Creative buttons
- 6. Year on Year measures
- 7. Custom date selections based on different time periods
- 8. Custom icons
- 9. Custom labels based on values
